Option
(Cannot be selected)

Option

During dialogue sections, several conversational options will appear.

Choose the correct answer to raise your heroine's affection level.

The rest of the episode will completely depend on the option chosen.

Depending on Houdai's parameters some options may not be available. For example, if Intelligence is low, clever answers cannot be selected. Parameters can be modified by 「giving euphoria in Doki-Doki Mode」 or 「purchasing items from the Academy Store」.

Once you've fulfilled certain conditions, the 「True Love Route」 will be unlocked where you will be able to find your true love among all the academy girls.

In the True Love route, there will be icons showing on the Main Menu (→P.30) and Pause Menu to check compatibility with the girls.

Press the  button to view the compatibility and affection of all the academy girls.

☆ Compatibility and Affection

Compatibility is affected by Houdai's parameters. Affection is affected by 「Encounter」, 「Shoot」, and 「Give Euphoria」 in the shooting sections.

Use pheromone shots to give approaching girls euphoria and accumulate Mote-Mote Points. Mote-Mote Points are the key to a successful love confession to a heroine.
